

Clear Hills Watershed Initiative
July 23, 2008
Eureka River Hall

Shirley Pickering from High River, who is part of the Alberta Water Council travelled to speak to our group regarding the documents: A Framework for Watershed Management Planning and A Shared Governance Framework for *Water for Life* Collaborative Partnerships.

Those in attendance were: Lindsey, Donna, Mike, Peter, Ernie Riemer, Brian Harcourt, Harvey Golob, Don Thomas, Lee, George and Audrey Svederus and Sherri.

Shirley did a great job of explaining these documents as well as answering many questions. Her obvious knowledge of many aspects of watershed planning and development was impressive.
